# Zoom Instructions

Zoom can be accessed via a web browser, phone, or iPad.

1. Prior to your first class, download the Zoom app.
   a. https//zoom.us/

2. Make a donation for the class. Click HERE to donate via Paypal. Participants will not be turned away for inability to pay.

3. Go to your desired class by visiting our Events and Classes page, then click on the class.
   a. Once you click on the class in the calendar, it will direct you to the class page for instructions on how to access it.
   b. Each class has a different Zoom link.

Please set up your Zoom account prior to your first class. Once the class begins, the instructor will automatically mute everyone to ensure that the video footage stays on the instructor. If you have a question, use the chat function.

If you experience problems seeing other participants' videos, select the instructor's video, and click "Pin Video". Keeping your video on also demands more of your WiFi, so disable the video feature if you are experiencing delays.

# Zoom FAQ

**What is Zoom?**
Zoom is a software platform that allows people to set up "Zoom meetings," where participants can videoconference or call in on a phone.

**What do I need to have to use Zoom on my computer?**
To use Zoom on your computer, you need an internet connection (high speed connection is strongly recommended) and your computer either needs to have a built-in webcam (camera and microphone) or you need to have a webcam attached to the computer.

**Watch how to join a class by installing the Zoom software app in your computer**
This is the method used by most people who use Zoom. You will be able to both see and hear the instructor and any presentations s/he may use (like PowerPoint or web pages) and you will be able to see and hear the other people in the meeting.

Click HERE for a 2 minute video of how to join a meeting and make sure the audio and video on your computer is working.

**Join a "test" meeting to try out Zoom**
You will feel more comfortable using Zoom if you practice joining a meeting well before your first class!
Click HERE to go to a web page where you can join a "test" Zoom meeting.
