

Indoor and Outdoor Participant Requirements

Please be aware of the following guidelines when participating in ALL Jacksonville Community Center activities:

1. Pre-registration is strongly encouraged. If you do not pre-register, you will be required to fill out a waiver each time you participate in one of our programs.
2. Participants will **not** be required to use face coverings while they are participating in a Jacksonville Community Center activity. However, OHA **strongly recommends** that individuals wear a mask, face covering or face shield, including fully vaccinated persons, indoors, or when in outdoor crowded areas and maintain physical distance.
