

# Indoor and Outdoor Participant Requirements

Please be aware of the following guidelines when participating in Jacksonville Community Center activities:

1. Pre-registration for all programs is strongly encouraged. If you do not pre-register, you will be required to fill out a waiver each time you participate in one of our programs, and will not be able to be notified if the class is changed or cancelled.
2. OHA requires that all individuals while indoors, whether fully vaccinated or not, wear a mask. All attendees will be required to wear a face mask while participating in an INDOOR activity at the Jacksonville Community Center.
3. OHA requires that all individuals wear a mask in most outdoor settings, whether fully vaccinated or not, where physical distancing is not possible.
  - a. All OUTDOOR program attendees will be required to use face coverings while they are entering, exiting, moving around the program's location or where physical distancing is not possible.
  - b. Face coverings can be removed while sitting in a chair or on a mat positioned at a 6-foot distance from others.
  - c. We will have masks available for \$1.00.
